THE SOLANTIS CONCEPT

**young.**

**And always ready  
to enjoy life.**

**F**un can last a day, a month,  
a summer, or a whole year.  
At Solantis Neptun it can last  
as long as you want. Thanks to the  
outdoor terraces and facilities offered,  
you can spend every day in another  
universe: at the swimming pool,  
fitness area, specialty coffee shop,  
relaxation areas.

# dream location

Located in the middle of  
the action. Actually, in the  
middle of the resort

Solantis is just 150 meters away from  
Lake Neptun 2, right next to LAGO Neptun.  
Close to the La Steaguri beach and Stejarii  
Brumării reservation.

# 6

**Kilometers from Mangalia to Neptune.  
Or 40 km from Constanța. Or 240 km from  
Bucharest. Or 500 meters to the beach.  
However, fun ignores distance.**

# 15000

**Meters of landscaped beach. Including  
volleyball and football fields. And aquatic  
sports can be enjoyed both on the lake  
and on the sea.**

# 20

**Neptun resort has about 20 lakes,  
the most lakes on the Romanian coast.  
Most impressive are Lake 1, Lake 2  
and Lake 3. Like we said, in the middle  
of the action.**

# LAGO Solantis™

NEPTUN RESORT & RESIDENCES

**S**olantis is part of Lago-Solantis Neptun Resort & Residences where it's about young adults but also forever young spirits. About life without limits. About the joy to enjoy, to live to the fullest. It's about efficient and sufficient spaces, adapted to both busy days and evenings spent in the company of friends. It is about you and your desires.

## THE SOLANTIS CONCEPT

**The 3rd floor, on the south side of the project, includes a gym area, a specialty coffee shop and relaxation areas. You have enough alternatives for the days where you don't want to go to the beach.**

**All Solantis apartments face the lake and the sea. Front line, dream location!**

**At the outdoor pool, on the 3rd floor, with access through the interior of the building, residents and their guests have priority. Will you take your cocktail by the pool or on a sunbed?**

# THE SOLANTIS CONCEPT

## Studio Hotel

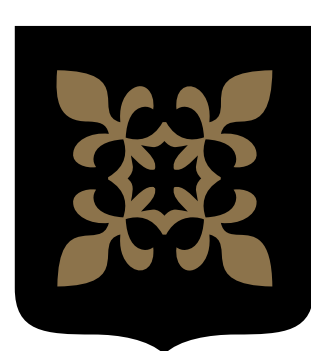

Space and time efficiency. When you live life to the maximum, you spend less time at home and more time outdoors. But when you get home all things are in the right place.

## Studio Lounge

Same quality standards, same young spirit. Only the size of the space changes when you want more, when you share your holidays with your loved ones. Or when a holiday home becomes your home for longer periods.

## Twin Lounge

Freedom of movement is important also inside the apartment. Because it is important to feel free in every moment, to have with you all the friends that you planned to invite to the party.
